

Talladega County Schools will start the school year using the Blended Model

Click the [Blended Learning Model](#) link to review guidelines

If you registered your student for BVA, but would now prefer for them to participate in the Blended Learning Model on campus, please email your student's name and school to bva@tcboe.org . **The deadline is Wednesday, July 29th to change your mind. If you are still interested in the BVA and have not registered, that deadline has been extended to Wednesday. You can click the link to register [BVA](#).**

***Student groupings are subject to change to allow for the schools to remain at 50% capacity. Groupings will be confirmed once the chromebook distribution is completed. Please make sure to complete all appropriate registration and make payments for your child's device.**

Blue Day	Gray Day
Monday, Tuesday, every other Wednesday	Thursday, Friday, every other Wednesday

If a child in your household has a different last name, he/she will come to school based on the day a sibling attends.

Example:

If your child has a sibling at Sycamore Elementary and/or Winterboro High School, we have tried to match all siblings on the same days. You do not need to contact the school.

Sycamore Elementary will provide a colored lanyard (blue or gray) as a reminder of what days the child should attend school.
