Pre-K

Cline—Bentley Boyd
Turnbull—Corbin Swain
Hurst—Callan Green

All library books must be returned before we get out for the holidays.

Also, students will be turning in their chromebooks beginning Dec. 16th.

Students will need to bring their chargers and bags to school to turn in with their chromebooks.

What's Happening at MES?

Be involved!

PTA will be sponsoring the Santa Shop December 9th-13th. Someone will be available to help your child shop for everyone in your family. A sheet will come home on Wed.,

Dec. 4, so you can help your child plan how much to spend on each person. Please send the sheet in an envelope with your child's Santa Shop money beginning Dec. 9.

Items range from \$0.25 to \$15.

Academic Computer Programs for Home

It is so important for students to continue their learning at home and what better way to do that than with a little technology. Below you will find a list of the many programs

MES has purchased for your students that they can access at home.

- **iReady** - The individualized learning paths allow students to work on specific reading and math skills they need to be successful this year.
- **MyOn** - This is a great program that allows your students to have access to thousands of digital books. (students can access this site through the Clever link)
- **Stride Academy**—This program allows students to improve on reading and math skills while earning coins and playing fun games.
- **IXL**- This program allows students to work on math , reading, & science skills.
- **AR Home Connect**- This allows you to access your students' AR data.
- **SmartyAnts**- This allows students to work on pre-literacy and phonics skills.
- **RH Discovery**- This allows students to work on phonics skills and most common words.
- **Moby Max**- This allows students to work on many skills. (Students can access through Clever.)
- **Discovery Education**- This website gives students access to thousands of educational videos and articles. (students can access this site through the Clever link)
